## SUMMARY

Sarah Bellum, a tween-age nervous-nelly with a comically dramatic mess of fears, musters up the courage to travel into Circadium, the magical realm of dreams, to become a Dreamweaver, hero to those who slumber, in order to save her mother from the wicked King Boogie. # WELCOME TO CIRCADIUM!

This realm is comprised of 3 dream lands:

*The Sweet Lands,*

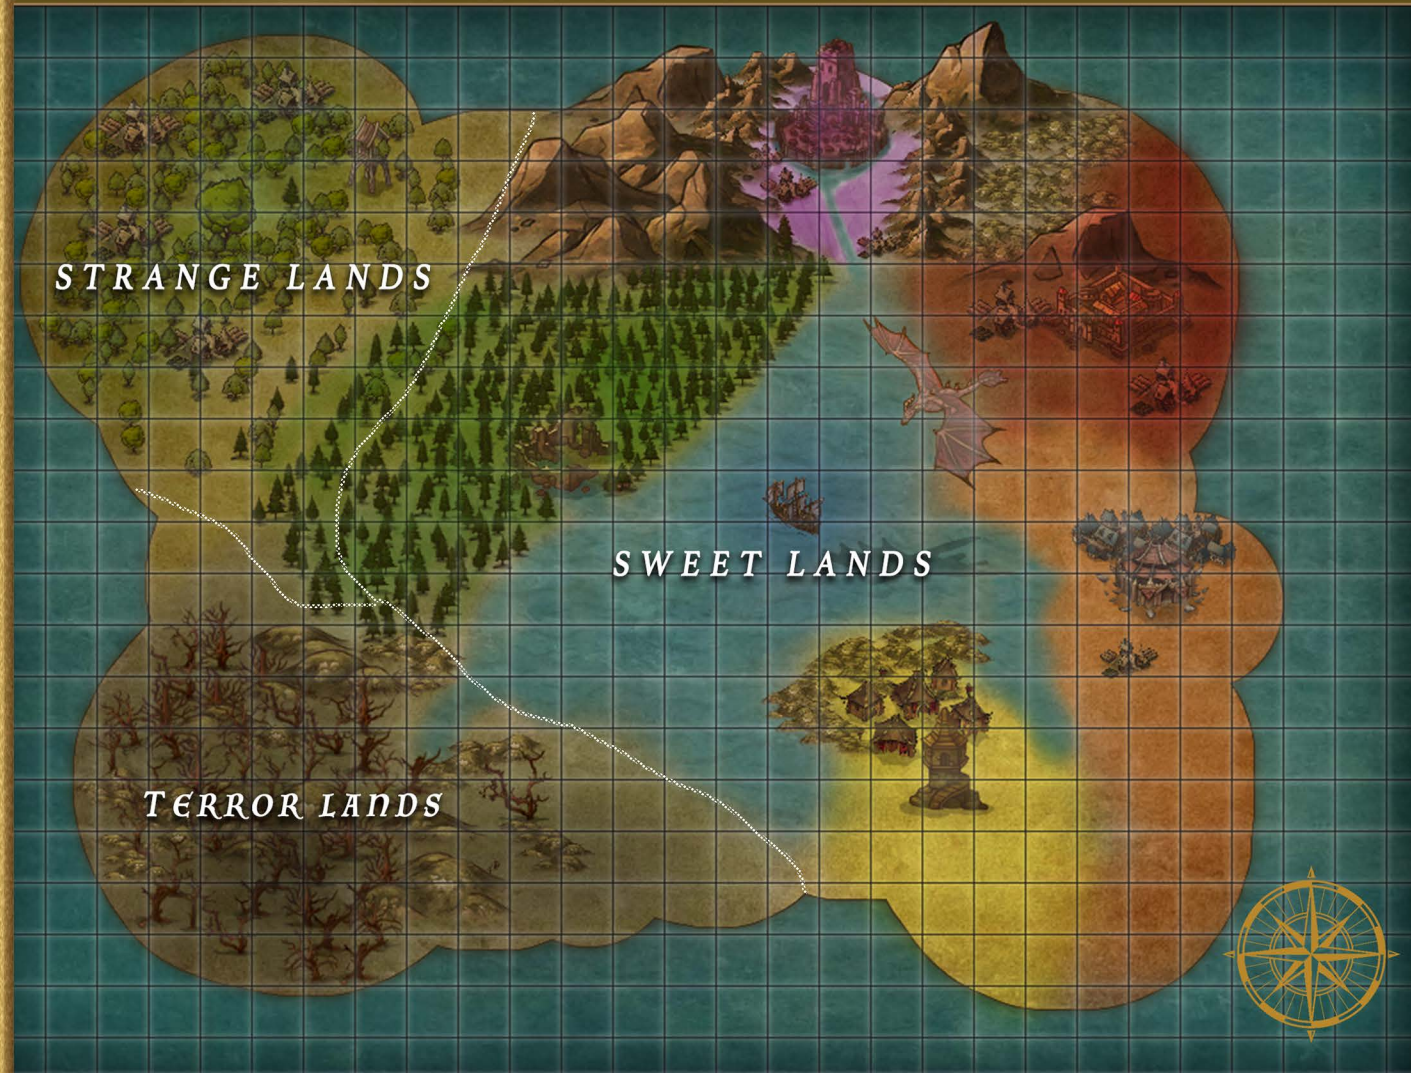

*The Terror Lands, & The Strange Lands*

**The Sweet Lands** - a noble and magical nation rich with spellbinding landscapes, fantastic beings, and six colored kingdoms (Purple, Red, Orange, Yellow, Blue & Green). This place of pure goodness prompts the joyful dreams for our world.

**The Terror Lands** - a dark and frightening place run rampant with fiendish nightmares called TERRORS. This horrid landscape elicits the dreams that haunt our sleep.

**The Strange Lands** - a surreal region full of wild creatures, bizarre customs, and mysterious illusions. This confusing territory influences the weirdest of our dreams.

# MAIN CHARACTER ARCS

Over the course of our story:

**SARAH** will grow from a timid child, easily overwhelmed by fear, into a courageous hero that confidently fights to protect her loved ones. Sarah's flaw is a deep-rooted lack of self-assurance, caused by abandonment issues from the absence of her mysterious father (later revealed to be King Boogie). The determination to not lose her mother as well, forces her to face her fears and accept the role of Dreamweaver.

**LEROY** will shift from an assertive soldier, more headstrong than heroic, into a patient and caring mentor who can embolden Sarah. Leroy's flaw, his stubborn nature, stems from an uncompromising need to fulfill his duty as the Goodknight Bear. The drive to save Beth forces him to bond with Sarah and thus reconnect with his soft side.

**KING BOOGIE** will return to the loving family-man he once hoped to be, long before this tormented soul was transformed into a monster. His pursuit of vengeance caused him to lose sight of who he was a man and attack the ones he once cared for. It's not until Sarah defeats King Boogie, that her Father can pull himself out from the shadows and back into the light, establishing a beautiful relationship with Sarah and the rest of his family.

**BETH** will accept that she has been too overprotective with Sarah and understand that Sarah needs to be encouraged not discouraged in order to reach her full potential.
