# "SLOW AND STEADY SOLVES THE CASE!"

Snoozie is a seven-year-old sloth-detective that goes on adventurous investigations across Jungle City, to help her friends and family solve mysteries. As a sleuth, being a slow-moving sloth is an advantage for Snoozie. Her patience allows her to find clues that others miss.

However, being a sleepy sloth can also be tough for Snoozie. That's why her energetic four-year-old brother, Crash, is always by her side to keep her awake with his lively spirit.

Because, even though she's a sloth who loves to sleep, Snoozie is dedicated to becoming a great sleuth and won't rest when there is a mystery to be solved!
